Sri B. P. KADAM.—Why this disparity only for this section of teachers under question No. 44 ?

†Sri S. R. KANTHI.—There are to types of teachers ; one type is the ordinary teacher and the other type is the voluntary teacher. The question arose because of certain peculiar circumstances in some of the districts which were in Bombay Area at that time. You know, Sir, that in North Kanara there were the peripatetic schools and they could not work well. So, the Government thought that the persons who have obtained 40 per cent marks in P.S.C. may be employed if they are voluntary teachers. They were taken on Rs. 40 ; it is not a pay scale but it is a stipend.

Sri B P. KADAM.—Is it not a sheer hardship upon those teachers and is it not a fact that those people have represented that they have put in so much service and as such should be absorbed in the School Board ?

Sri S. R. KANTHI.—They have not all been absorbed in the school board. After they are given a chance to go to the training college and get the training, they will be absorbed in the school board.

Sri B. P. KADAM.—Is it not worthwhile to equate them with other teachers wherever they are not absorbed by the school boards ?

Sri S. R. KANTHI.—The question of equation does not arise but the question of absorption arises and the Government is considering the question of absorption of these volunteer teachers on a different basis altogether. There are certain proposals in this respect. Since they are getting only a stipend and not pay scale, Government is considering the question of giving them a pay scale.

Sri B. P. KADAM.—Supplementary to (d), Qn. 44 : How long will the matter be under consideration and how long will it continue to be so ?

Sri S. R. KANTHI. I cannot give a firm answer for both the questions. For some time past it has been under the consideration of Government and I hope the matters will be finalised soon.

Sri S. SIVAPPA.—Sir, I want to put question No. 198.

Mr. SPEAKER.—The Hon'ble member is not authorised to put it ; but since he wants to put supplementries on it, I will put it myself.

Sri GANJI VEERAPPA.—May I know whether the University has granted affiliation to the postgraduate course in the Central college ?

Sri S. R. KANTHI.—Yes.

Sri GANJI VEERAPPA.—I correct if I say that the University has refused to grant the affiliation unless certain senior members are posted to teach this course ?

Sri S. SIVAPPA.—Has it come to the notice of Government that in the Central College the staff is understaffed to teach the postgraduate course ?

Sri S. R. KANTHI.—That is not a fact. The fact seems to be that we have not been able to conform to the pattern given by the University ; we are trying to do it.
